

To: Our Water Customers
From: Walla Walla Regional Water Testing Services
Date: November 14, 2011
Subject: Web Site Update / Service Expansion

Hello,

This notice is to let you know that we have updated our website:

www.wallawatr.com

Please be sure to check out our "Services" tab.

Here are some examples of the expanded services we now offer:

- **Backflow Assembly Testing and Repairs**
- **Coliform Analysis**
- **Nitrate Analysis**
- **GAP Testing (Good Agricultural Practice)**
- **Drinking Water Evaluations (Real Estate Sales/ Refinance)**
- **Water Sample Collection**
- **Annual Consumer Confidence Report**
- **Annual Water Use Efficiency Report**
- **WQMR Sampling, i.e. Lead and Copper, VOC's, SOC's, IOC's Radionuclides, etc.**
We collect, package and mail them off for you too.
- **Water System Management –Washington State Certified Operator**
- **Burbank/ Wallula - Water Sample Pick Up at the Burbank Fire Station-Tuesday's at Noon**

We are also in the process of developing a "Links" tab that will contain some useful reference sites.

A reminder for GROUP B WATER SYSTEMS: your water **must be tested for coliform bacteria annually** and **every three years for nitrate** (unless notified otherwise by the DOH).

You can check to see when your last tests were taken by accessing the website Sentry:

<http://www.doh.wa.gov/ehp/dw/sentry.htm>

For Private Well Owners; it is suggested that you **test annually for coliform and for nitrate at least every three years** depending on your last results.

Please e-mail us at info@wallawatr.com or call us at 509-526-9287 with any questions or suggestions that you may have.

We would love to have your input on any water related services or assistance that we could provide that would benefit you.

Thank you,

Jeanette Lightfoot
